4. B. Pharm. Entrance Syllabus 2023

B. Pharm. Entrance syllabus has subjects like **Physics, Chemistry, Biology/Mathematics, and English.**

Duration: 2 hr

Number of Question: 100

A Generalized View of B.Pharm. Entrance Exam Syllabus 2023

Subjects	Physics	Chemistry	Biology	Mathematics	English
Topics	<ul style="list-style-type: none">• Laws of motion• Measurement• Work and Energy• Power and Energy• Heat and Thermodynamics• Electronic devices• Optics• Gravitation• Wave• Electromagnetic induction• Modern Physics• Mechanics of Solids and Fluids• Electronic devices• Kinematics• Magnetic effects of electric current	<ul style="list-style-type: none">• States of matter• Atomic Structure• Surface Chemistry• Electrochemistry• P-D and F block elements• Biological, industrial and Environmental Chemistry• Principles of Organic Chemistry and Hydrocarbons• Theoretical principles of experimental chemistry• Chemical Bonding• Acid-Base Concepts	<ul style="list-style-type: none">• Diversity in the living world• Structure and functions of plants and animals.• Ecology and environment• Genetics and Evolution• Reproduction and Development in Plants and Humans• Biotechnology and its applications	<ul style="list-style-type: none">• Algebra• Trigonometry• Vector• Statistics• Mathematical modeling• Linear programming• Integral calculus• Differential calculus• Two dimensional and three-dimensional coordinate geometry	<ul style="list-style-type: none">• Logical reasoning• Verbal reasoning• Grammar• Comprehension• Non verbal reasoning• Vocabulary
